MAKING CYBER SECURITY MAKE  
SENSE

Sponsorship and partnership media kit. Updated  
September 2026.

# I MAKE CYBER SECURITY MAKE SENSE.

Most cyber content on social media is either technical or chasing trends.

I take the latest cyber news and make it relatable for everyone.

**What happened. Why it matters. What to do about it.**

I've been working in the human side of cyber for over 15 years. Now I'm passing this on...

# A PRACTITIONER FIRST. A CREATOR SECOND.

I built an international podcast and media brand on the side, while doing the day job.

I run the Secure Culture Hub at Hoxhunt. It's a community for security awareness practitioners.

Media Partner and Panel Moderator at the SANS Security Awareness and Culture Summit, Las Vegas, 2026.
